Dear Sir/Madam

Re: - Application for Work-Related Learning Placement

We hereby request a place for Work-Related Learning on behalf of our student Tadiwanashe Murahwa, **(R243464E),** during the third year of his **BSc. (Hons) Computer Science Degree programme**, in your organisation or institution.

The degree programme is of four (4) years duration including a one-year period of Work Related Learning which is done in the third year.

It is hoped that the Work Related Learning opportunity will develop in the student a repertoire of skills necessary to function in a multi-operational organization, resilience and consistency in the face of challenges. In addition, we hope your organization/institution will also gain from the student whom we believe has acquired enough theory during his two years at the University.

You may contact the student concerned directly when responding to this communication, but if you require any further clarification contact any of the contact persons below.

Mrs N.Sarai , (Chairperson) , Cell : +263773884666
Email: sarain@staff.msu.ac.zw

Mr T. Mzikamwi, (Work Related Learning Coordinator) Cell: +263771650382
Email: mzikamwit@staff.msu.ac.zw

Mr T.G Rebanowako, (Work Related Learning Coordinator) Cell : +263772998832

The Human Resource Manager

Dear Sir/Madam

RE: APPLICATION FOR WORK-RELATED LEARNING(ATTACHMENT) IN THE DEPARTMENT OF COMPUTER SCIENCE.

I hereby apply for a work-related learning placement in the Department of Computer Science or any related field in your organization. I am currently in my third year studying Honors in Computer Science at Midlands State University. I am committed to participating in the work-related learning program at your organization, and I am passionate about developing my career. I am confident that an attachment at your company would not only enhance my technical skills but would also provide insights into the industry's best practices.

I am optimistic, enthusiastic, well-mannered and a hard-working young man. I'm very eager to learn, find solutions to problems and interested in both my growth and the organization's growth.

I have attached my curriculum vitae for your review and would welcome the chance to discuss in an interview.

Thank you for your time and consideration.

Sincerely,

Tadiwanashe Murahwa.

CURRICULUM VITAE FOR

Tadiwanashe Murahwa

Cell +263 (0)780 047 816 / (0)714 825 243

Email: tadimurahwa@gmail.com

Nationality: Zimbabwean

Born: 27 February 2004

Objective

A motivated and detail-oriented second-year Computer Science student at Midlands State University seeking an Industrial Attachment position for third-year level. Eager to apply theoretical knowledge in **database management, cyber-security and** any related work under my department to solve real-world problems. Aiming to leverage strong analytical skills and a passion for technology to contribute to dynamic team while gaining practical industry experience.

Soft Skills

- **Problem-solving:** Solving analytical skills developed through debugging code and solving algorithmic challenges.
- **Teamwork:** Experienced in collaborating on group projects Agile methodologies
- **Communication:** Ability to explain technical concepts to non-technical audience, demonstrated through class presentations.
- **Self-learning:** Currently building full-stack skills with **React.js** and **Node.js (Express)** through hands-on projects and online courses under **Alison.com**
- **Cybersecurity:** Network security fundamentals, penetration testing tools (Nmap, Metasploit), vulnerability assessment, and ethical hacking principles.
- **Team Player:** Ability to excel in competitive environments

Technical Skills

- **Programming Languages:** Python, Java, JavaScript
- **Web Technologies:** HTML, CSS, React, Node,js
- **Database:** MySQL
- **Tool and Platforms:** Git, Github and VS Code, Linux
- **Other:** Microsoft Office Suite and Basic Network Configuration.

Qualifications

Midlands State University Honors Degree in Information Systems 2024 to Present

Year 1 Semester 1

Module	Result	Classification
Introduction to computers and computer application	P	1
Basic Communication Skills	P	3
Operating System	P	1
Fundamentals of digital electronics	P	3
Principles of programming languages	P	3
Ethics and Professionalism	P	3

Year 1 Semester 2

Module	Result	Classification
Discrete Mathematics	P	2.1
Physics for engineers	P	3
Database Systems	P	3
Data Structures and Algorithms	P	2.2
Computer Architecture and organization	P	3
Software Engineering	P	3

Year 2 Semester 1

Module	Result	Classification
Applied Statistics	P	2.2
Introduction to Gender Studies	P	2.1
Computer Security	P	2.1
System Analysis and Design	P	3
Research Methods	P	3

Web Development		Pending
Technopreneurship		Pending
